

Our whole school curriculum aims to give our students the knowledge and skills to succeed in the world as it is, and the wisdom, empathy and courage to fashion the world as it should be.

Global Citizenship aims to develop the IB Learner Profile attributes via a number of important and topical issues. It seeks to ensure that students are both self reflective and globally minded. It aims to help them consider how to keep themselves safe both physically and mentally, as well as how they are agents capable of making great change on a social level. It aims to help prepare students for their futures and fulfil their potential as individuals and members of society.

Year Group	Common Focus	Questions, and Areas of Exploration
7	Our school	How can we make a successful transition to secondary school? How can we succeed and thrive at Dane Court? How can we learn effectively while forming positive relationships with peers?
8	Our lives and our education system.	How can education promote social mobility? How should the education system deal with the legacy of Empire? How can we improve our education system? Is it possible to learn to be happy?
9	The world around us.	How can we halt the catastrophic decline in the UK's biodiversity? How can we safely navigate online misinformation? How can we ensure that artificial intelligence benefits humanity? How can we resolve the world's ongoing conflicts and wars? How can we make the world a better place?
10	Succeeding in the world around us.	What tools do we need for academic success? What does success mean to me? How can we achieve career success?
11	Becoming successful sixth form students and lifelong learners.	What are the traits of an effective lifelong learner? How can I achieve my ambitions? How do I choose the right pathway for me?
